Dear Zillah,

We heard from friends about the award and we are very happy and proud for you and would like to congratulate you with all our hearts.

Have you heard by any chance that Christopher is an owner now of the foremost prestigious literary magazine "The London Magazine" - the editor is Sebastia Barber - a poet himself and a son of a well known late poet.

It would be a pleasure, should you wish, to publish

your poems and VB
they don't even need to
be translated by Christopher.
Meanwhile best wishes &
once again congratulations
from Marina
Raisa
Christopher.

kindest regards to your
husband and to
Merchdad.
