

Levinsjö, Sweden 14.12.91.

Dear Jalila!

I hope you and all your family are fine. I'm fine, and have just finished my specialist education in dermatology. I'm going to work in the Christmas, but after New Year I'm going to see Frogil, Sven & children for more than one week. Look very much forward to that.

I wish you a Merry Christmas celebration and everything good for the new year.

Love and best wishes
from Ken.
